

GBS

Equipment Mountable, 1000W GBP Lamp

GB12BP Lamp Shown

The GloBug GBS is ideal for mobile construction. The flexible clamps allow installation at any angle, is safer for construction crews, and complies with many State DOT requirements for jobsite illumination.

- GBS Series - Includes GBP 1,000 watt lamp, poles and mounting brackets
- Safe for vehicle traffic - Drivers not blinded by intense glare of conventional light towers
- Improved visibility and elimination of blind spots on the job site
